

ElvaJet[®] swift

The game changing sublimation ink.

 **SENSIENT[®]**

ElvaJet[®]

ElvaJet® Swift

The new approach to sublimation printing.

ElvaJet® Swift is the first industrial sublimation ink jet ink series to address all the challenges faced by printers. It is the entry door to obtain optimal productivity in the production of garments, interior textiles, sportswear or flags and banners. Its outstanding performance on all printers equipped with Epson DX printheads is the key contributor to printing longer hours at the highest quality and to optimizing of resources.

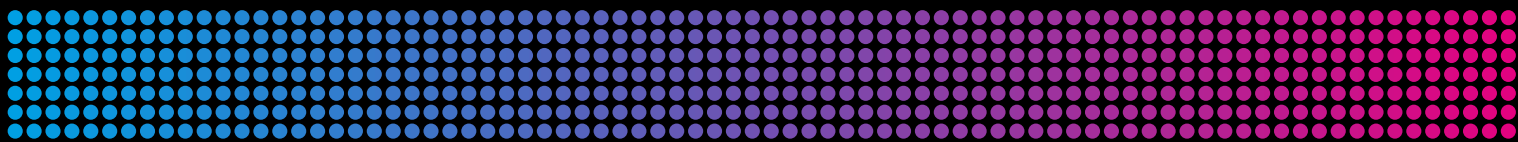

The ElvaJet® Swift inks are unrivalled in quality and performance. The very high dye concentration allows for an average ink coverage saving of up to 40%, which significantly reduces the stress on the transfer paper. Thus no cockling arises even on the thinnest papers. Drying is very fast and transfer requires less energy.

With ElvaJet® Swift, Sensient offers you substantial cost and time savings. Users can easily and significantly improve efficiency thanks to key advantages including:

- Ease of inks installation
- Outstanding printability on virtually any printer equipped with Epson DX printheads
- Incomparable open time and immediate start after printing pause
- Fast drying and high transfer rate (on coated and uncoated paper)
- Superior colour strength at much lower ink consumption
- Eco-sustainability

The ElvaJet® Swift Series: Colors, as you have never seen before.

- Yellow: stronger than ever, makes it easy to obtain unachieved nuances of green and orange
- Cyan: so pure that it reaches blue shades unseen on polyester
- Magenta: dries immediately after printing
- Ultra black: allows to achieve 3D mask effect on RGB textile files, whilst producing very neutral grey tones

The following inks are available:

Product range

Article N°	Designation
618CH0	ElvaJet Swift Yellow
638CH0	ElvaJet Swift Magenta
648CH0	ElvaJet Swift Cyan
678CH0	ElvaJet Swift Ultra Black
698CH0	Cleaning Solution CH0

ElvaJet® - The inks with proven performance in industrial digital printing. Optimize your production processes through.

- Visual excellence - vivid colors, high definition
- Increased productivity - printing speed as never seen before
- Total reliability - where you need it, when you need it
- Eco sustainability - the true water borne solution

Sensient Imaging Technologies S.A. - Inks Europe, is a leading pioneer in the field of sublimation printing. Through years of vast experience and knowledge within the textile printing industry, the Sensient product range of traditional to digital inks and colors exemplifies excellence.

Sensient possesses the widest range of sublimation dyes formulated for all types of impact printing methods. If you are looking for a specific solution to fit your requirements, please do not hesitate to contact us; we will be happy to revert with a customized offer.
